I think it has to do with SERDP \$ spending on PFAS – indication is it ties Air Force's hands.

Alex,
We are still searching for this memo. We have calls in to our DOD contacts (outside of the Army) to see if they can locate this memo. I can't find anything really substantive on the internet. I did find an article from last week which discusses language in a House bill that will allow DOD to do these reimbursements. Here it is:
